

## 図表2 カリフォルニア大学バークレー校の核酸解析施設のWebサイト

(<http://mcb.berkeley.edu/barker/dnaseq/>)

The image shows a screenshot of the UC Berkeley DNA Sequencing Facility website. It is divided into three main sections:

- About the facility:** Established in 1993 as a part of NIEHS Center, UC Berkeley DNA Sequencing Facility serves all UC affiliated laboratories, government agencies and businesses providing DNA sequencing, genotyping, PCR cleanup and Plasmid preparation services.
- Latest News:** New Magnetic Bead Based Plasmid Preps. You grow the cells in a 96-well culture block. We do the rest. FAST AND EASY. Plasmid prep \$56/plate. Full plate sequencing \$228/plate.
- Contact Us:** University of California, Berkeley DNA Sequencing Facility, 310 Barker Hall, Berkeley, CA 94720-3202. dnaseq@berkeley.edu. (510)642-6383. For accounting inquiry, please contact Brian McCarthy at 510-642-9601.
